Recommendation Letter

Dear Mr. Fragatos,

Following your phone call, I send you this recommendation letter with great pleasure.

During our one year cooperation, I am convinced that your product "Best T.P.S." is technically very good, performing perfectly and our business relationship is excellent. The product is selling very well although the market these days is moving slowly.

I am sure that in the future we shall continue working together in the same friendly and prosperous environment, as we have done up to now.

With all my kind regards

E.Nikolaou
Managing Director
